B. Eligibility Criteria for Ph. D Program:

The minimum qualification required for admission to Ph. D programs in Engineering, Science, Planning & Architecture, Management, and Humanities & Social Sciences is one of the following:

- M.E./M.Tech./M.Pharm in relevant discipline with at least 6.5 CGPA or 60 percent marks in aggregate in both B.Tech. (or M.Sc./B.Pharm/ MCA or equivalent) and M.Tech. levels from a recognized Technical Institute or University.
- B.E./B.Tech./B.Pharm/MCA or equivalent in relevant discipline with CGPA of 7.0 or 65 percent marks in aggregate.
- M.Sc. in Basic Sciences with CGPA 7.0 or 65 percent marks in aggregate in relevant disciplines. For applicants with valid GATE/NET/GPAT score, requirement may be relaxed upto 0.5 CGPA or 5% marks.
- M.B.B.S./B.V.Sc. with CGPA 6.5 or 60 percent marks in aggregate.

Further, candidates having the following qualification can also apply for Ph. D in Management and Humanities & Social Sciences:

- e) M.A. / MBA / M.Com. / M. Sc. in Humanities and Social Sciences or Management with 6.5 CGPA or 60 percent marks in aggregate.

In addition to the above eligibility criteria (based on B. Tech., M.Sc., MBA, MA, M. Tech., and M. Pharm examinations), the following additional criteria will also be applicable:-

- a) A candidate should score minimum 60% marks or 6.5/10 CGPA throughout career to be eligible for admission to Ph. D program. The DRC, however, may make one exception (marks <60% or Grade < 6.5/10) at its discretion from among the results of 10th, +2, BA, B.Sc., Diploma etc. (except qualifying degree) if the candidate has qualified GATE/NET/GPAT or other national level fellowship tests like DST-INSPIRE, RGNF etc.
- b) For admission to Engineering and Science disciplines (except Life Science), a candidate should have passed Mathematics in +2 Science.
- c) Science students admitted to Ph. D program in Engineering need Mathematics in +3 level. Students without Mathematics in +3 level may be admitted under the condition that they will have to register for 16 credits of 100 and 200 level Mathematics and 100 level Computer Science courses (Theory and Practical) in addition to their normal course requirement, and secure at least C grade in each course.
- d) A student should have passed Life Science or Biological Science either in +2 or +3 level for admission to Ph. D in Life Science department.
- e) Students without adequate background in the primary discipline will be required to have 10% extra marks (1.0 CGPA) to qualify over students with specialization in a primary discipline, unless explicitly exempted by the Senate. List of primary disciplines for specializations under the various departments is given in Clause "D" below.

However, a higher short listing criteria (possibly different for different departments) may be set by the Department during scrutiny of applications depending on the departmental requirement, number and quality of applicants. Therefore, merely satisfying the minimum eligibility criteria does not guarantee a candidate to be called for interview and mere attending an interview does not guarantee admission.

C. Applicants Awaiting Results:

- a) For thesis based Postgraduate degrees [(M. Tech. (Research), MS or equivalent)], a student is permitted to submit the final result within one year from the date of thesis submission. However, one documentary evidence (proof of thesis submission) from the candidate's Institute/University is required to be submitted at the time of admission.
- b) For all course based degrees [B. Tech., M. Sc., MBA, M. Tech. (Regular)] results need to have been published before admission is granted. In exceptional cases when a university

will not be in a position to publish result by the time of admission, submission of qualifying degree result may be permitted till **31st August, 2018**, but not beyond.

D. Qualifying Degrees and Primary Disciplines for Admission:
