

Seminar : Minimal Graphs with Given Automorphism Group

Title

Speaker : Kirti Sahu (Rollno : 521ma6005)

Supervisor : Ranjit Mehatari

Venue : Seminar room, Department of Mathematics

Date and Time : 18 Mar 2025 (11:30 AM)

Abstract :The automorphism group of a graph Γ is the collection of adjacency-preserving permutations of the vertices, denoted by $\text{Aut } \Gamma$. Any finite abs
