NOTICE FOR MINOR DEGREE FOR B.TECH/B.ARCH/Int. MSc and Dual Degree STUDENTS
[ALL CONCERNED ARE REQUESTED TO READ THE INSTRUCTIONS CAREFULLY AND COMPLETELY]

Meritorious students who have secured CGPA of 7.5 or more (without any backlog) at the end of first year are eligible to opt for minor degree, of their choice, subject to following conditions:

- A minor degree can be given in Engineering, Science or Humanities discipline for B.Tech, B.Tech and M.tech Dual degree, Int. M.Sc. and B.Arch students of academic year 2018-19 onwards.

- Minor degree will be allocated on completion of 2nd semester, based on CGPA. The minimum CGPA of 7.5 will be considered eligible for registration for minor degree.

- A student will be eligible to receive minor degree when he/she takes at least 6 additional courses offered by the department (semester-wise) constituting of minimum 18 credits between 3rd to 8th semesters.

- Minor degree credit requirement is over and above the minimum B. Tech requirements.

- The branch opted for minor degree by a student is a one-time choice and cannot be altered under any circumstances.

- No equivalent courses from other departments can be taken for fulfilling the minimum credit requirement for obtaining Minor degree.

- Any student who wishes to leave the Minor degree in between, he/she may be allowed to do so with the permission of Dean (Ac.). His grade-sheet will only reflect the cleared courses.

- If a student fails to complete a Minor degree course within his normal duration, he has the option to either drop the minor degree or he may stay extra semester or year as applicable to complete the same for award of Minor degree.

- In case of a tie in CGPA for allotting Minor Degree, the SGPA of the 2nd semester will be considered.
- In case of any backlog or CGPA falling below 7.5 after registration, registration will be cancelled.
- Link – NITRIS Portal -> Student Information System-> Minor Degree.
- Last date for applying is 20-07-2019.
