Call for Papers

Empowering Library Professional to Empower Society (ELPES) – 7

International Conference on Next Generation Libraries-2019 (NGL-2019) New Trends & Technologies, Collaboration & Community Engagement, Future Librarianship, Library Spaces & Services December 12-14, 2019 TIIR Auditorium, NIT Rourkela, India

As Information Professionals, we live in the age of digital information. Recent studies have shown that there is a drastic change in user demands needed to support the teaching, learning, and research activities of the library profession. The desire for physical library collections is in decline. Even though there is high demand for internet access and allied resources, there are certain user categories like traditional resources and demand for the physical space in the library. In such conditions, libraries may reconsider their current spaces and future renovations to reflect these usage trends to meet the changing requirements of the user community.

In this international conference, library professionals from different regions of the world will discuss how Next Generation Libraries (NGL) can be useful for the library users. This consortium will focus on themes such as

- (a) New Trends & Technologies,
- (b) Collaboration & Community engagement, and
- (c) Future Librarianship, Library Spaces & Services.

This event is supported by invited talks, panel discussion and demonstration, case studies on the above themes. This forum will also provide a platform to discuss on the above themes along with related issues and challenges and probable solutions to overcome risks associated with the future of different types of libraries.

The conference will connect library professionals, academic-industry partners, and allied professionals across the world.

Next Generation Libraries-2019 (NGL-2019) will examine the challenges and solutions faced by the academic libraries which can be useful for the library policy makers to frame policies to provide value added services to its users.

Main Theme: Next Generation Libraries

Sub-Themes

A. New Trends & Technologies

- New Trends & Technologies in libraries – Big data, Cloud Computing, Artificial Intelligence, Internet of Things, Gamification, Talent acquisition tools and retention, etc.
- Knowledge organization Systems – Semantic Web, Linked data, Search strategy, Ontology, Taxonomy, Metadata, etc.
- Library Automation, Digitization, Preservation, Archival, etc.
- Learning technologies: E-Learning Platforms, MOOC, LMS, Swayam, etc.
- Electronic Resources Management
- Bibliometric and other Metric tools – ORCID, Altmetrics, Databases, etc.
- Green libraries
- User experience
- Case Studies

B. Collaboration and Community Engagement

- Collaboration between institutes
- Industry-Institute relationships
- Community engagement
- Knowledge Management in libraries – KM processes, Best Practices, Communities of practice (experts)
- Research Data Management – RDM process, Strategies & policies, Issues & challenges
- Engaging users with library space and resources
- Role of libraries to maintain community prominence
- User Generation – barriers and usage
- Case Studies

National Institute of Technology Rourkela

National Institute of Technology Rourkela (NITR) is a premier institute in India for higher technical education, basic and applied research. Established more than 50 years ago, NIT Rourkela is now recognised as an institute of National Importance by Govt, of India. The Institute has twenty one departments and nine multidisciplinary centers that offer undergraduate, post-graduate, and research courses leading to B.Tech., M.Tech., M.Sc, M.B.A., Ph.D. and D.Sc. Degrees. Spread across 647 acres carpeted by a lush green cover, the campus of NIT Rourkela is situated right at the conjugation of the hills of Rourkela in the eastern part of India.

Biju Patnaik Central Library

Biju Patnaik Central Library (BPCL) is the Central library of National Institute of Technology Rourkela. The Library caters to the educational and research needs of the academic community and its resources are consulted by scholars from all over the country. Biju Patnaik, a great social reformer set up Regional Engineering College, Rourkela. BPCL has started functioning since 1965. The library is fully automated and using RFID technology for transactions & securities. Library has Institutional Repository, Thesis Repository for scholarly content of the institution by using e-prints, Dspace, Greenstone & other open source technologies. This library is also associated with non-profit project (OAOB) to digitize, archive and disseminate old, rare and new literary and other text written in Odia language.
