D. DISCIPLINE, ENDOWMENT AND STUDENT AFFAIRS

2014-48-Senate-17: Reports on malpractice cases of Mid-Semester and End-Semester Examinations, Spring 2013-14:

Reports on malpractice cases of Mid-Semester and End-Semester Examinations, Spring 2013-14 were put up for confirmation of the Senate. The same has been approved by the Director.

Item No. 18 may be referred.

[Annexure-A11, Pg. No. 191]

2014-48-Senate-18: Report on student disciplinary cases.

The report on student disciplinary cases which have been recommended in accordance with the Student Disciplinary Manual was put up in the Annexure for the confirmation of the Senate. The same has been approved by the Director.

The Senate deliberated on the reports of both malpractice cases of Mid-Semester and End Semester Exams, Spring 2013-14 as specified against

Agenda No. 17 above and student disciplinary cases and decided the following:

- a) On completion of enquiry the ISDC shall award penalties as warranted and inform the students, with copies to parents/guardians.*
- b) The student can accept the penalty imposed, if any, or can, within 2 weeks of the order, appeal to the ISDC for reconsideration by providing any information that has not been previously considered. The ISDC will consider the fresh evidence received from all concerned and revise its decision if necessary. The revision may eliminate, reduce or enhance penalty on the appellant. The penalty to students who accept the earlier decision shall remain unchanged or may be reduced, but cannot increase.*
- c) After this, if a student still feels that there has been a miscarriage of justice, he may, within one month of the order imposing the penalty, appeal to the Senate for consideration. The Senate will consider the appeal in its next formal meeting, and/or adjourned meetings if any. The Senate may eliminate, reduce or enhance the penalty imposed on the appellant. If evidence so dictates it may reduce the penalty imposed on others, but shall not enhance it. The Senate's decision shall be final and binding with no scope for further appeal to Senate or Director.*
- d) If a student accepts the penalty imposed by ISDC, without appeal or after the 1st appeal, he may request Director for reduction of penalty on compassionate grounds on the strength of exemplary achievement after the penalty was imposed. Such appeal for compassionate consideration can be made after elapse of one year from the date of imposition of penalty or within six months prior to the expected date of graduation (May 31). Director's decision shall be binding and final. This facility is not available to students whose penalty, if any, has been confirmed by the Senate.*
- e) The Chairman ISDC, if he thinks appropriate, may keep the parents/guardians informed about the disciplinary proceedings.*

Accordingly, the Senate advised to send the letter to the students as well as to their parents.

This will be implemented with effective from 01.01.2014.

E. MISCELLANEOUS:-

2014-48-Senate-19: Any other matter with permission of the Chair:

ITEM – 1: Changing the name of the 2 year M.Sc. programme in Earth Science and approval of Courses:

The department of Earth and Atmospheric Science had requested to change the name of the 2 year M.Sc. programme in Earth Science to Applied Geology. Also the department had proposed four courses to be offered in 2014-15 for the approval of the Senate.

The Senate deliberated on the proposal and advised the department to provide more information to justify the change in name. However the Senate approved the proposed courses to be offered in 2014-15.

[Annexure-A13, Pg. No. 214]

ITEM – 2: Curriculum and Syllabus of B.Arch Programme:

The Curriculum Development Committee had recommended the Curriculum and Syllabus of B.Arch Programme for the approval of the Senate.

The Senate deliberated on the proposed Curriculum and Syllabus of B.Arch Programme and approved the same.

[Annexure-A14, Pg. No. 219]

ITEM – 3: Revised Curricula and Syllabi of B.Tech programmes:

The Curriculum Development Committee had recommended the revised Curricula and Syllabi of B.Tech programmes (except BM and CS) for the approval of the Senate.

The Senate referred the proposed revised Curricula and Syllabi of B.Tech programmes to UGPEC for review, the recommendation of which will be put up to the next Senate meeting for consideration.

[Annexure-A15, Pg. No. 257]

ITEM – 4: Selection of students under NAMASTE programme:

The ERASMUS MUNDAS committee had recommended the list of students selected under NAMASTE programme for the approval of the Senate.

The Senate approved the proposal in principle.

Further, the Senate decided the following for the students who have already gone to different host universities under ERASMUS MUNDAS programme:

- a) Equivalent evaluation of the semester result for the students who have already gone to different host universities will be done on case-to-case basis on their return and production of evaluation report by the host university.*
- b) There will no Summer Courses or Supplementary Examination for the courses where the student will get F grade by the host university. The student has to repeat such or equivalent course(s) at NIT Rourkela for fresh evaluation. This may result in the slow pace programme for the student.*
- c) In case of ERASMUS MUNDAS and similar exchange programme, the minimum unit of grading will be on semester basis not course of subject basis. One semester of NIT will be replaced by one semester's work of the outside institute without looking into the contents. The grade card will mention that the semester in question was studied at the outside university. Grades will be scaled for calculating CGPA.*

[Annexure-A16, Pg. No. 339]

ITEM – 5: Senate meeting for approval of 4th semester M.Tech result:

The Senate authorized the Chairman to approve the 4th semester M.Tech result on behalf of the Senate and there will be no Senate meeting on 11/6/2014.

The next meeting of the Senate will be held on 10/07/2014.

The meeting ended with thanks to the Chair.

To,
The Director,
NIT Rourkela,

Sub: Seeking post approval for change of workplace during my Postdoctoral Fellowship period from MIT to Stanford.

Sir,

I am herewith informing and seeking your kind approval for my change of workplace from MIT, Boston to Department of Genetics, Stanford University, California. In MIT, I was in the department of Chemistry and did not find the relevant training in accordance to my background in biology. Hence, I decided to change my work place. I had another acceptance from Dr. Leonore Herzenberg, at Stanford University that I had submitted during my application for my selection into Fulbright Fellowship. Hence, after contacting and consulting with Fulbright office India and CIES, they made provisionally possible for me to change my work place. My application had to undergo a process of verification and justification before I was allowed to change my work place. It was hectic and involved a lot of approvals from MIT, Fulbright office, CIES and as well as acceptance from Stanford. I remained busy with complying all the required formalities. Finally, when I was approved to change the place, I was given very short period of time to make the transition from MIT to Stanford in order to remain continued at work while in transition. I also took time to settle down fulfilling some other formalities/trainings from the department of Genetics, Stanford. Hence, I could not get ideal time and chance to inform my home institute, NIT Rourkela and seek prior permission for this transition. However, I have made the transition on 11-02-2014. My last working day at MIT was 10-02-2014 and the start date of my fellowship at Stanford was 11-02-2014 including the date of my travel as approved by Fulbright. (A)

Hence, with this information I seek your kind approval for changing my workplace from MIT to Stanford and obliged.

My DS2019 form from U.S. Department of state is herewith attached.

Thanking you
Yours Sincerely,

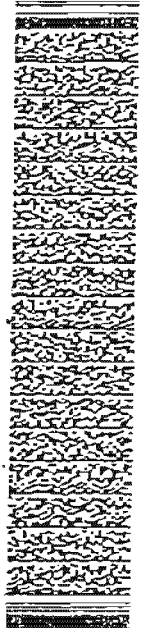

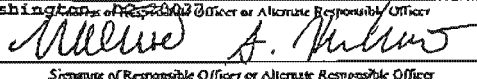

Bismita Nayak

INSTRUCTIONS FOR AND CERTIFICATION BY THE ALIEN BENEFICIARY NAMED ON PAGE 1 OF THIS FORM:

Read this page and sign the Exchange Visitor Certification block on the bottom of page 1 and prior to presentation to a United States Consular or Immigration Official.

Understand that the following conditions are applicable to exchange visitors:

(a) TWO-YEAR HOME-COUNTRY PHYSICAL PRESENCE REQUIREMENT (SECTION 212(c) OF THE IMMIGRATION AND NATIONALITY ACT AND PL 94-454, AS AMENDED):

RULE: Exchange visitors whose programs are financed in whole or in part, directly or indirectly by either their government or by the U.S. Government, are required to reside in their home-country for 2 years following completion of their program before they are eligible for immigrant status, temporary worker (H) status, or intracompany transferee (L) status. Likewise, if exchange visitors are acquiring a skill that is in short supply in their home country (these skills appear on the "Exchange Visitor Skills List") they will be subject to the same two-year home-country residence requirement. The requirement also is applicable to alien physicians entering the United States to receive graduate medical education or training. The U.S. Department of State reserves the right to make the final determination regarding 212(c).

NOTE: MARRIAGE TO A U.S. CITIZEN OR LEGAL PERMANENT RESIDENT, OR BIRTH OF A CHILD IN THE UNITED STATES DOES NOT REMOVE THIS REQUIREMENT.

(b) Extension of Stay/Program Transfers: A completed Form DS-2019 is required in order to apply for a program extension or program transfer, and must be obtained from or with the assistance of the sponsor.

(c) Limitation of Stay: **STUDENTS** - as long as they pursue a full course of study towards a degree, or if engaged full-time in a non-degree program, up to 24 months. Students for whom the sponsor recommends academic training may be permitted to remain for an additional period of up to 18 months after receiving their degree or certificate; post-doctoral academic training may be approved by the sponsor for a period not to exceed 36 months; **SECONDARY STUDENTS** - up to 1 academic year; **TRAINEES** - 18 months; **FLIGHT TRAINEES** - 24 months; **TEACHERS** - 3 years; **PROFESSORS** and **RESEARCH SCHOLARS** - 5 years; **SHORT-TERM SCHOLARS** - 6 months; **SPECIALISTS** - 1 year; **INTERNATIONAL VISITORS** - 1 year; **ALIEN PHYSICIAN** - the time typically required to complete the medical specialty involved but limited to 7 years with the possibility of extension if approved by the U.S. Department of State; **GOVERNMENT VISITOR** - up to 18 months; **CAMP COUNSELOR** - up to 4 months; **SUMMER WORK/TRAVEL** - up to 4 months; **AU PAIR** - 1 year; **INTERN** - up to 12 months.

(d) Documentation Required for Admission/Readmission as an Exchange Visitor: To be eligible for admission to the United States, an exchange visitor must present the following at the port of entry: (1) a valid nonimmigrant visa, unless exempt from nonimmigrant visa requirements; (2) a passport valid for 6 months beyond the anticipated period of admission, unless exempt from passport requirements; (3) a properly executed Form DS-2019 (with 2-D barcode), which must be retained by the exchange visitor for readmission within the period of previously authorized stay. Exchange visitors are permitted to travel abroad and maintain status (e.g., obtain a new visa) under duration of the program as indicated by the dates on this form (see item 3 on page 1 of this form).

(e) Change of Visa Status: Exchange visitors (and dependents) are expected to leave the United States upon completion of their program objective. Exchange visitors who are subject to the two-year home-country physical presence requirement are not eligible to change their status while in the United States to any other nonimmigrant category except, if applicable, that of official or employee of a foreign government (A) or an international organization (G) or member of the family or attendant of either of these types of officials or employees.

(f) Insurance: Exchange visitors are required to have medical insurance in effect for themselves and any accompanying spouse and minor children on J visas for the duration of their exchange program. At a minimum, insurance coverage shall include: (1) medical benefits of at least U.S. \$50,000 per person per accident or illness; (2) repatriation of remains in the amount of U.S. \$7,500; and (3) expenses associated with medical evacuation in the amount of U.S. \$10,000. A policy secured to fulfill the insurance requirements shall not have a deductible that exceeds U.S. \$500 per accident or illness, and must meet other standards specified in the Exchange Visitor Program regulations, 22 CFR Part 62.14. For details, consult your program's Responsible Officer or Alternate Responsible Officer (see item 7 on page 1 of this form).

EXCHANGE VISITOR CERTIFICATION: I have read and understand the foregoing, including the Two-Year Home-Country Physical Presence Requirement, and agree to comply with the Exchange Visitor Program regulations, as amended (22 CFR Part 62). I certify that all the information on the Form DS-2019 is true and correct to the best of my knowledge. I agree that I will maintain compliance with the insurance regulations as specified in 22 CFR 62.14, including maintaining health insurance coverage for myself and my J-2 dependents throughout my J-1 program. I understand that it is my responsibility to maintain my exchange visitor status. For the purposes of 20 U.S.C. 1232g and 22 CFR 62, I authorize the U.S. Department of State-designated sponsor and any educational institution named on the Form DS-2019 to release information to the U.S. Department of State relating to compliance with Exchange Visitor Program regulations.

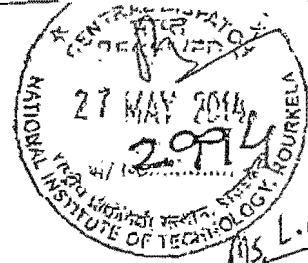

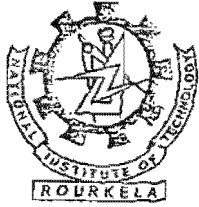

NOTICE TO ALL EXCHANGE VISITORS

To facilitate your readmission to the United States after a visit in another country other than a contiguous territory or adjacent islands, you should have the Responsible Officer or Alternate Responsible Officer of your sponsoring organization indicate on the TRAVEL VALIDATION BY RESPONSIBLE OFFICER or Alternate Responsible Officer section of the Form DS-2019 that you continue to be in good standing.

The signature of the Responsible Officer or the Alternate Responsible Officer on the Form DS-2019 is valid for up to one year* or until the end date in item 3 on page 1 of this Form, or to the validation date authorized by the Responsible Officer, whichever occurs sooner.

*EPT: Maximum validation period is up to 6 months for Short-term Scholars and 4 months for Camp Counselors and Summer Work/Travel.

Sub: Request for extension of my contract as Visiting Professor

Respected Sir:

As you know my contract (Dec. 2013-June 2014, Ref. NO NITR/ES/2014/M/119) as a Visiting Professor, Department of Physics, is going to terminate next 30th June, 2014. I would be grateful if you kindly extend my contract for one year more. A brief statement of my activity during the last six month and my future plan of work are mentioned for your kind perusal and favourable consideration of my request.

Sincerely yours

MY Activity During the Last Six Months (Dec. 2013-June 2014)

I. Course work conducted

Name of the course: Experimental Techniques (Ph.D Course works) One Semester

Code No: 605. HOP, Physics requested me to teach this course this year also.

I am also doing other departmental duties like examining the Annual Project reports of the students as attributed by the Department.

II. Project (M.Sc 1 year) supervised: 3

1. Madhusmita Behera :

Project Title: (1) Synthesis and characterization of PVA Graphene oxide thin films on Al_2O_3

Project (2): Preparation and characterization of silicone free bioactive borate glasses.

2. Swagatika Biswal

Title of the Project: Preparation of some transition metal oxide glasses by quick quenching method and study of their physical properties.

3. Suraj SJ Hembrem

Title of the Project: Preparation and characterization of PVA/PVP- Graphene oxide composite as high dielectric materials.

III. DST Projects writing completed and to be submitted soon

1. Prof JP Kar as PI

Title of the Project: Preparation of Graphene Oxide based Biosensor

2. Prof PN Viswakarama as PI

Title of the Project: Study of low temperature magnetoelectric and multiferroic properties of metal oxide –polymer composites.

3. A preliminary project entitled "Preparation of Graphene oxide Based scaffolds for tissue engineering applications" as Dr Sanjit Roy –PI

IV. Collaboration with Prof. Archana Mallik and her Ph.D. Student Mr Sumanta Kumar Sahoo. (Please see the attached e-mail letter)

V. Other Duties:

I have examined four PhD, thesis of outside university and institutes of India and also reviewed fifteen research papers of different international journals. I also enjoyed helping some students, who requested me, in preparing their research materials, in setting up new experiment, explaining the experimental data as well as examining the research papers and even thesis work, before communicating for publications

V. Papers Published/Communicated Under the Affiliation of INT, RUK, Physics Department (During Dec. 2013-June 2014).

1. Destruction of percolative network using green synthesized gold nanoparticles: Formation of high dielectric materials. Md Jamal, T Middhya, H Sakata and B K Chaudhuri: *Polymer* 55 (2014) 15-21
2. Observation of large magnetodielectric behavior in LCMO/ PVDF 0-3 composites: D Bhadra, Md Masud, B K Chaudhuri. *J Appl. Phys.* 102 (7) (2013).
3. Hydroxyapatite and hydroxyapatite Chitosan composite from crab shell: Biswadeep Chaudhuri, D Bhadra, S Dash, G Sardar, K Pramanik and B K Chaudhuri: *J Biomaterials and Tissue Engg.* 3(2013)1-5.
4. High Dielectric NTNO/PVDF nanocomposites with enhanced ferroelectric properties: A new flexible material for capacitor application: D. Bhadra, S. K. De, PN Viswakarma and B. K. Chaudhuri, H. D. Yang : *Polymer* (under publication, 2014).
5. Anomalous transport and dielectric behavior of the $\text{CaCu}_3\text{Ti}_4\text{O}_{12}$ (CCTO) type high dielectric constant materials: Soma Mukherjee¹, J P Kar and B K Chaudhuri : *Mat. Chem. Phys* (communicated May, 2014).
6. Existence of internal domains in $\text{Li}_x\text{Ti}_y\text{Ni}_{1-x-y}\text{O}$ (LTNO) and effects on dielectric behavior: Pradaip Jana, S. Mukherjee, and B K Chaudhuri

Article reference: *J Phys. D. Applied Physics* (2014, Revised Manuscript sent)

VII. Future Plan of Work:

59

(a) To teach the course on Experimental Techniques as requested by HOD, Physics.

(b) To submit the two Projects already completed

(c) To help the research work of Mr Sumanta Sahoo and other students of the department. Professor Panigrahi (PH) has also asked to help his Ph, D students. I am also helping the students of Professor D Behera (PH) in their research work. I am also helping in the preparation and characterization biomaterials to some of the students of Prof. K Pramanic (BM).

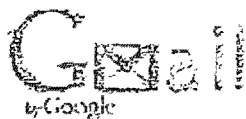

(d) To do collaborative research work with Prof J P Kar and Prof. PN Viswakarma which we have already started . I am also helping in making samples, analyzing the data, helping measurements of low temperature magnetic magnetization, HRTEM , Raman Spectra of samples of the students of different Professors of this institute (namely, Prof. D Behera (PH) , Prof. Panigrahi, Prof. Mahanandia (PH), Prof. A Biswas (BM) and others).

(e) So far seven M.Sc students (one from outside university) of this institute have completed their M.Sc projects under my supervision. I have a plan to write these project works in the form of papers and publish them in journals in collaboration with those students. This might help those students in their future carriers.

(f) Further to mention that I am also writing a book on the modern aspects of nanomagnetism and applications which I hope to complete within next year.

(g) I would also be happy to perform any academic duty, if attribute by the department /institute.

(h) As you know graphene and its derivatives are emerging as new materials for electronic biological applications. In collaboration with Prof. L Morroni (University of Twente, Tissue Regeneration Department, Drienerlolaan 5, 7522NB Enschede, The Netherlands. Maastricht University, MERLN Institute for Technology-Inspired Regenerative Medicine, Complex Tissue Regeneration Department, P. Debye laan 25, 6229 HX Maastricht, The Netherlands) we have developed a new and easy technique of preparing fine sheet of graphene oxide nano platelets suitable for biomedical and microelectronic applications. Some testing of cell culture is going on and a project in collaboration with Prof. J P Kar (PH) is going to be submitted soon.

Dear Prof. Choudhuri,

Greetings!!

I am writing regarding the short interaction of my student Mr. Sumanta Kumar Sahoo with you for Raman analysis of some of our samples. At the outset let me thank you for the help extended by you. However I understand that it needs my concern for use of the facility at IACS in a regular basis. I trust that this email could serve the purpose. Kindly let me know if I need to do anything else for the same. At present I am in USA for an academic assignment, hence can take care of the official matters through emails/mails only.

Regards
Archana

Subject : Pay Scale of Pharmacist – regarding.

Sir,

The proposal of National Institute of Technology – Rourkela regarding pay scale of pharmacist has been examined in consultation with Integrated Finance Division (IFD) in this Ministry. As per IFD, the revised pay structure as per OM F. No. 1/1/2008-IC dated 18th November, 2009 is applicable to all the post of Pharmacist in the different Ministries under the Government of India. Since the pay scale applicable in the Govt. for common category of posts are applicable to similar posts in the NITs, the provision contained in the aforesaid office memorandum of Ministry of Finance, Department of Expenditure shall also apply to all posts of Pharmacist in the NITs, including NIT, Rourkela.

2. The Institute is, therefore, requested to take necessary action accordingly in respect of the pay scale of Pharmacist who have the prescribed qualification and experience as given in letter No. OM No. 1/1/2008-IC dtd.18.11.2009, Govt. of India, Ministry of Finance.

Yours faithfully

Department of Expenditure
Implementation Cell

New Delhi, dated the 18th November, 2009.

OFFICE MEMORANDUM.

Subject: Revised pay structure of the common category posts of Pharmacists Cadre - implementation of Fast Track Committee's recommendation regarding.

While approving the Report of the Sixth Central Pay Commission, the Government referred the matter related to the demands made in regard to pay scales of certain common category posts to a Fast Track Committee. The pay scales of the common category posts of Pharmacists was one of the items referred to the Committee. The recommendation of the Fast Track Committee regarding the pay scales of the common category posts of Pharmacists has since been received. The Committee has recommended that the entry grade of Pharmacists in Central Government should remain at grade pay of Rs.2800 in the pay band PB-1. However, on completion of 2 years service in the entry grade, all the incumbents should be granted non-functional upgradation to the next higher grade having grade pay of Rs.4200 in the pay band PB-2.

2. The recommendation of the Fast Track Committee regarding the pay scale of Pharmacists has been considered by the Government and it has been decided to accept the same. Accordingly, the following pay structure is approved for the common category posts of Pharmacists cadre w.e.f. 1.1.2006: -

(in Rs.)

Designation.	Pre-revised pay scale	Pay structure approved on the recommendation of Fast Track Committee	Remarks
Pharmacist (Entry Grade)	4500-7000	Grade pay of 2800 in PB-1.	Entry grade for Pharmacist Cadre: Essential minimum educational qualifications of 10+2 plus 2 years Diploma in Pharmacy and Registration with State Pharmacy Council.
Pharmacist II	5000-8000	Grade pay of 4200 in PB-2	Pharmacist Gr.II and-I will be merged and designated as Pharmacist (Non-Functional Grade). This grade to be granted to Pharmacist (Entry Grade) on non-functional basis after 2 years of service in the grade pay of Rs.2800.
Pharmacist I	5500-9000		

1225

3. Consequent upon the implementation of the above pay structure, promotion from Pharmacist (Entry Grade) to the next higher grade of Pharmacist (Non-Functional Grade) having grade pay of Rs.4200 will be delinked from vacancies and will become non-functional and time-bound. In the case of Organizations like the Ordnance Factory Board, where all the Pharmacists posts are presently in the grade pay of Rs.2800 in the pay band PB-1, the implementation of the above pay structure will result in the introduction of the new Non-Functional Grade having grade pay of Rs.4200 in the pay band PB-2.

4. All administrative ministries may initiate action to implement the above revised pay structure in respect of the common category post of Pharmacist Cadre.

5. Hindi version will follow.

About NIT Rourkela and the Department of Life Science

The National Institute of Technology, Rourkela is one of the leading brands in technical education in India and an Institute of National Importance. The Institute is situated at the North Western tip of Odisha (a state of eastern India), in a scenic environment surrounded by majestic hills and lush of greens. The Department of Life Science was established in 2009 in pursuance of the development of intellectual resources for sustainable growth and betterment of the society. The department is involved in generating quality human resources through its various academic and research programs. The department currently offers 5 year Integrated M.Sc. in Life Science, 2 year M.Sc. in Life Science, and Ph.D. in Life Science. At present, the department runs more than ten externally funded research projects.

THEMES OF THE CONFERENCE

Structural biology, membrane dynamics and cell signalling
Cancer biology
Epigenetics and molecular biology
Bioinformatics, Genomics and Proteomics
Stem cell and tissue regeneration
Disease biology and vaccine approaches
Environmental science and evolutionary biology
Bioremediation, Biomass and Bioenergy
Biomaterials and Nanotechnology
Agricultural, Food and Nutrition Sciences

HOW TO REACH NIT ROURKELA

AIR: There is no commercial air strip in Rourkela; however Steel Authority of India Limited has an airport that is routinely used for charter flights and private aircrafts. Major airports in the proximity of Rourkela are Ranchi, Bhubaneswar, Kolkata and Raipur.

TRAIN: Rourkela is well connected by train routes with all parts of the country. It is situated on the Howrah-Mumbai line and as well as on Ranchi-Bhubaneswar line.

ROAD: Rourkela is connected to various towns of the state by State Highway no 10 and National Highway no-23. Thus it is also connected with cities like Ranchi, Raipur, Sambalpur etc. Several buses run between Rourkela and the major cities of the state like Bhubaneswar, Puri, sambalpur etc.

Rourkela railway station is situated 7 km away from the NIT campus. Autos are available round the clock there. Local transport facility is also available from nearby state and private bus terminus.

Subject : Accreditation status of programs applied by National Institute of Technology, Rourkela, Odisha.

Sir,

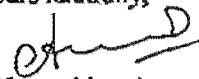

This has reference to your application dated 08.01.2013 in Tier- I format seeking accreditation of National Board of Accreditation for UG and PG engineering programs offered by NIT. Accreditation status of 5 programs was conveyed to you on 20.03.2014.

2. An Expert Committee conducted an on-site evaluation of the programs during 8th to 10th November, 2013 and 15th to 17th November, 2013. Report of the expert team in respect of the 7 PG programs were considered by the concerned Committees constituted for the purpose in NBA. The competent authority has approved the following accreditation status to the programs.:

SL No.	Name of the Programme	Basis of Evaluation	Accreditation Status	Period of validity w.e.f. 01.07.2014
(1)	(2)	(3)	(4)	(5)
1	PG- Computer Science and Engineering	Tier I Document	Provisionally accredited	2 years
2.	PG- Computer Science and Engineering (Information Security)	Tier I Document	Provisionally accredited	2 years
3	PG- Civil Engineering (Geotechnical Engineering)	Tier I Document	Accredited	5 years
4	PG- Civil Engineering (Structural Engineering)	Tier I Document	Accredited	5 years
5	M. Tech. – Electrical Engineering (Electronics and System Communication)	Tier I Document	Accredited	5 years
6	M. Tech – Electrical Engineering (Power Electronics and Drives)	Tier I Document	Accredited	5 years
7	M. Tech - Electronics and Communication Engineering (VLSI Design and Embedded Systems)	Tier I Document	Accredited	5 years

3. For the programs which have been granted provisional accreditation for 2 years, NIT should submit the Self Assessment Report along with a compliance report at least after 1 year to be considered by the Engineering Evaluation and Accreditation Committee (EEAC) to formulate a view whether compliance report is enough to recommend for accreditation or a visit to the institute is necessary. The recommendation of EEAC will be considered by the Sub-Committee of the Academic Advisory Committee and Executive Committee for decision.
4. The accreditation status awarded to the programs as indicated in the above table does not imply that the accreditation has been granted to National Institute of Technology, Rourkela, Odisha as a whole. As such the NIT should nowhere along with its name including on its letter head etc. write that it is accredited by NBA because it is program accreditation and not institution accreditation. If such an instance comes to NBA's notice, this will be viewed seriously. Complete name of the programs accredited, level of programs and the period of validity of accreditation, should be mentioned unambiguously whenever and wherever it is required to indicate the status of accreditation by NBA.
5. The accreditation status of the above programs is subject to change on periodic review, if needed by the NBA. It is desired that the relevant information in respect of accredited programs as indicated in the table in paragraph 2, appears on the website and information bulletin of your institute.
6. The accreditation status awarded to the programs as indicated in table in paragraph 2 above is subject to maintenance of the current standards during the period of accreditation. If there are any changes in the status (major changes of faculty strength, organizational structure etc.), the same are required to be communicated to the NBA, with an appropriate explanatory note.
7. Weaknesses/ deficiencies in respect of the programs as observed by the expert team during the course of evaluation are indicated in the Annexure to this letter.
8. Copies of the Comprehensive Report submitted by the Chairman of the Expert Committee along with the detailed reports submitted by the Expert team which visited your institute for the programs evaluated is enclosed for reference and to take necessary action to overcome the shortcomings, if any, pointed out by the Expert Team.
9. If the NIT is not satisfied with the decision of NBA, it may appeal within thirty days of receipt of this communication giving reasons for the same and by paying the requisite fee.

Yours faithfully,

(Dr. Anil Kumar Nassa)
Member Secretary

Encls: Copies of Comprehensive Report of Chairman and Expert Report of the Visiting Team.

ANNEXURE

Weaknesses / Deficiencies observed by the Expert team during the course of evaluation of the programs.

Program	Weaknesses
PG- Computer Science and Engineering	COs are not written properly. Mappings between COs and POs, POs and PEOs and POs and GA are not proper. Attainment process of COs, POs and PEOs is not documented properly. No incubation facility. Library needs improvement.
PG- Computer Science and Engineering (Information Security)	Mappings between COs and PEOs is not justified. The process of measuring the attainment of POs and PEOs is not properly documented. The interaction with the industry and R&D organizations needs to be strengthened. Lack of entrepreneurship initiatives.

Sub: Re-appropriation of expenditure under TEQIP-II among different heads.

Sir,

Keeping in view the expenditure status and progress under different activities so far, it is felt that it would be appropriate to go for re-appropriation of the project fund allocation under different heads. As per provision of NPIU "Re-appropriation of the project fund allocation for any academic activity may be done by the institution with concurrence of the BOG". A copy of NPIU letter no.AC/TEQIP-II/IDP/2013/5770 dated January 21, 2013 i.e "Revision / Updation of Action Plan in Institutional Development Proposal & Re-appropriation of fund allocation" is enclosed for kind reference of the Board.

Details of different academic activities along with expenditure plan has been revised accordingly and is enclosed for kind approval of the Board.

Coordinator,
TEQIP-II

Director

9	Incremental Operating Cost	Incremental Operating Cost ³	10	1.250
TOTAL			100	12.500

Notes :

- The funding for key activities as suggested above are purely indicative. The Institutions participating in this Sub-component should focus on enhancing the research facilities, modernization and strengthening of laboratories for MTech, PhD and faculty research, etc. and hence expenditure on Goods (equipment, furniture, learning resources, course-specific software etc) could be higher than 40%. However, the Institution should ensure the implementation of all the other indicated activities.
- Expenditure on Minor Civil Works in a State shall not exceed 3% of the cumulative allocation for all the Institutions selected under Sub-component 1.2 in the State.
- Expenditure on Incremental Operating Cost in a State shall not exceed 10% of the cumulative allocation for all the Institutions selected under Sub-component 1.2 in the State.
- Salary expenditure of faculty and staff appointed on contract against the existing vacancies can not be charged to the Project. However, the salary expenditure of contractual faculty and staff appointed against new posts created under the Project can be charged to the Project.

³ The Incremental Operating Cost means the costs of operation and maintenance of equipment, office expenses, hiring of vehicles, salaries and allowances of additional staff and travel and supervision costs incurred for the purposes of carrying out the project. The cost includes organizing workshops, seminars etc., all expenses for training programme including training / course fee, consumables, Consultants (experts) fee related to R&D.

Subject : TEQIP-II : Revision/Updation of Action Plan In Institutional Development Proposal & Re-appropriation of fund allocation

Sir,

As you are aware, the project fund is mainly allocated to 3 main categories of expenditure:

- Procurement of Goods and Minor civil works ✓
 - Academic activities i.e. Providing Assistantships, Enhancing R&D, Faculty & Staff Development, Industry Institute Interaction, Capacity development, Institutional Reforms, Academic support to weak students
 - Incremental Operating Cost
2. You are also aware that the Procurement of Goods and Minor civil work is only applicable to Government and Government aided Institutions. A maximum of 55% and 45% of total project allocation can be made for procurement of Goods and Minor civil works by each project institutions under sub-component 1.1 and 1.2 respectively. There is no separate cap for the sub-categories of Goods i.e [equipment, furniture, books & LRs, softwares and minor items], however expenditure on Minor civil works should not exceed 5% and 3% of the institutional project allocation in respect of institutions under sub-component 1.1 and 1.2 respectively. It is also reiterated that the institution can revise their Procurement Plan with the approval of their BoGs as when deemed necessary.
 3. The Incremental Operating Cost is limited to 10% of institutional total project allocation in respect of Government, Government aided and Private unaided institutions.
 4. For Academic activities, Institutions can revise the Action Plan provided in their Institutional Development Proposal with the approval of their BoGs as and when deemed necessary provided the planned activities are in accordance with the Project Implementation Plan (PIP).
 5. Procurement of consultant services, if required, for the academic activities are permitted for all project institutions. The expenditure on procurement of consultant services is to be booked against the head of expenditure of that particular activity. The services of consultant are to be procured by following the World Bank norms and procedures through the PMSS.
 6. Re-appropriation of the project fund allocation for any academic activity may be done by the Institution with concurrence of the BoG subject to following conditions in sub-categories of expenditure:
 - Academic Support to Weak Students : Institutions under sub-component 1.1 and 1.2 are expected to spend at least 4% and 2% of their project allocation for this activity head respectively
 - Faculty & Staff Development : Government and Government aided institutions should plan to spend at least 10% of project allocation for this head
 7. Fund from Procurement and IOC Head of expenditure can also be re-appropriated to Head of expenditure for academic activities but not vice versa.
