Proteins and Clinical Proteomics for Health and Disease (PCPHD - 2025)

3rd – 7th November 2025

A five-day workshop organized by

**Department of Chemistry
NIT Rourkela, Odisha**

ABOUT THE WORKSHOP

This intensive five-day workshop focuses on cutting edge techniques in recombinant protein synthesis, biochemical assays and clinical studies on protein applications which will help to develop “hands-on experience” to study and understand proteomics while addressing various research problems.

ABOUT NIT Rourkela

National Institute of Technology (NIT) Rourkela is an institution of national importance funded by the Ministry of Education. It is one of the premier national level institutions for technical education in the country. The main objective of the institute is to produce quality engineers and scientists in graduate, postgraduate and doctoral levels in various branches of Engineering and Science. NIT Rourkela is ranked 601-800 in the world by the Times Higher Education World University Rankings of 2025 and 191 in Asia. In India, it was ranked 19 in engineering and 30 in research category by the National Institutional Ranking Framework (NIRF) in 2024.

For details about the institute, please visit us at www.nitrkl.ac.in
