National Institute of Technology, Rourkela,  
Odisha, India***

## **About the CoE on Public Health Nutrition, Department of Humanities and Social Sciences, NIT, Rourkela**

The Department of Humanities and Social Sciences has started a Center of Excellence (CoE) on Public Health Nutrition with the initial support of UNICEF. The basic objective of the CoE is to strengthen collaboration on knowledge management regarding food and nutrition security and public health nutrition. The center intends to focus on all 30 districts of Odisha. However, priority will be given to PVTG/tribal blocks/districts having higher level of stunting.

The CoE shall be conducting various assessments, studies, develop policy notes, process documentation, situational analysis, facilitate crucial workshops/trainings, conduct academic collaborations and knowledge management activities in the field of public health nutrition.

### **Objective of the workshop**

The workshop aims to develop capacities and concepts of the participating NGOs/ CSOs to develop project management skills, especially in the area of public health and nutrition. Efficient project management concepts and skills hold the key for any successful planning, implementation, monitoring and evaluation of programs related to food and nutrition or any other development programs. This workshop would cover different concepts and skills involved with different aspects of project management and increase their management skills at their own work places. In addition to this, the participants would find themselves to be better skilled and equipped about the development of project proposals. The workshop would further enhance the systematic problem analysis skills, problem solving strategies and assessing strength of project proposals.

## **Who should attend?**

The capacity building initiative would be suitable for managers, programme officers, budding CSO startups, researchers and senior NGO officials. Those who are interested in projects or programmes related to public health and nutrition, those who manage food/nutrition and public health related projects and are looking for relevant skills and expertise to better manage it, would immensely benefit from the programme. The workshop has also been specially designed for NGOs who are engaged in bidding for the projects. Further, programme development, management and monitoring team from NGOs who are responsible for planning and development of project proposal would find the workshop extremely useful.

## **Resource Persons**

The resource persons will be a mix of industry experts and eminent academicians from NIT Rourkela and institute of repute like IIT, IIM etc.

## **Registration and course fee**

There would be no registration/course fee for the training. However, filled in application forms should be mailed to [coephn.nitr@gmail.com](mailto:coephn.nitr@gmail.com) on or before 25<sup>th</sup> April 2019. The final list of participants will be decided by the Institute and informed on 30<sup>th</sup> April 2019.

## **Travel and Accommodation Details**

Accommodation, food and local hospitality will be provided to the participants in the institute guest house. Depending on the availability of funds, travel cost will be reimbursed to those participants who claim train or bus fare 'to and from' Rourkela.

## **How to Reach NIT Rourkela**

Rourkela is one of the well-developed steel townships on the Kolkata-Mumbai main line of South Eastern Railway. It is well connected by railway network with the rest of Odisha. Daily AC bus service is available with almost all the Districts of Northern and Central Odisha. The NIT campus is about 8 km from Rourkela railway station. It takes around 6 hours from Calcutta and around 3 hours from Ranchi airport by train.

## **About Department of Humanities and Social Sciences, NIT, Rourkela**

The Department of Humanities and Social Sciences, has been functioning as a full-fledged department catering to both undergraduate and postgraduate students since the inception of the institute. The faculty has wide experience in teaching and research and in communicating with students of diverse background and of widely differing abilities. The students understand that today's challenges are global and interdisciplinary; and they are required to reflect more towards social responsibility, flexibility, resourcefulness and creativity. The courses taught tries to inculcate all these and much more. The Department offers a full-time PhD programme in the disciplines of English, Psychology, Economics, Anthropology, Sanskrit and Sociology, an MA Programme in Development Studies and also offers general purpose courses from all the above mentioned disciplines, as Open Electives for B-Tech and Post-Graduate students of the Institute.
